Respondent skipped this question

Page 7: Tell us how you use the Technè website

Q12 How did you find the Technè website?

Colleagues pointed me to the page
Via yaas.io navigation,
I know the URL: techn.e.yaas.io,
Deeplink from Dev Portal

Q13 What is your goal(s) when visiting the Technè website? Check all that apply.

Components (find components for my application, research how to use specific components like a button, etc)
Patterns (get code snippets, get information about how to integrate, etc)

Q14 What did you need to achieve the above goals?

Respondent skipped this question

Q15 Were you ultimately successful in using Technè to achieve your goals?

Yes

Page 8: Technè Goals

Q16 Did anything about the Technè site make it harder that it needed to be to achieve your goals?

The components are not on a single page (like bootstrap Doku) so each component needs a roundtrip

Q17 If you could wave a magic wand and have anything, what would you change that would have made your tasks easier?

Everything on a single page

Q18 Are there any other UI guidelines websites you currently use or have visited?

Bootstrap,
Bootstrap: <http://getbootstrap.com/>

Q19 How is Technè different, either good or bad, than the other site(s) you find helpful?

Respondent skipped this question

Page 9: Improving Tasks With Technè...

Q20 What was the main thing that stopped you from achieving your goal?

Respondent skipped this question

Q11 Please rate your agreement with the following statements (from 1/strongly disagree to 5/strongly agree):

I think that I'd like using the Technè website frequently.	(no label)
I found the Technè website unnecessarily complex.	5 (strongly agree)
I thought the Technè website was easy to use.	1 (strongly disagree)
I think that I'd need a technical guide to be able to use the Technè content.	(no label)
I found the content in the Technè website was well integrated.	(no label)
I thought there was too much inconsistency in the Technè website.	5 (strongly agree)
I would imagine that most people would find what they are looking for on the Technè website very quickly.	(no label)
I found the Technè website very cumbersome to use.	(no label)
I felt very confident using the Technè website.	(no label)
I needed to learn a lot of things before I could understand the content on the Technè website.	(no label)

Page 7: Tell us how you use the Technè website

Q12 How did you find the Technè website? **I know the URL: techne.yaas.io**

Q13 What is your goal(s) when visiting the Technè website? Check all that apply.

- Guidelines (review UI guidelines, check out color swatches or fonts, etc)**
- Components (find components for my application, research how to use specific components like a button, etc)**
- Starter Pages (see how Technè looks "in action", etc)**

Q14 What did you need to achieve the above goals? **Respondent skipped this question**

Q15 Were you ultimately successful in using Technè to achieve your goals? **A bit of both**

Page 8: Technè Goals

Q16 Did anything about the Technè site make it harder that it needed to be to achieve your goals? **Respondent skipped this question**

Q17 If you could wave a magic wand and have anything, what would you change that would have made your tasks easier? **Respondent skipped this question**

Q19 How is Technè different, either good or bad, than the other site(s) you find helpful? **Respondent skipped this question**

Page 9: Improving Tasks With Technè...

Q20 What was the main thing that stopped you from achieving your goal?

It is hard to distinguish between patterns and components, when looking for certain elements. SO I had to click through everything before finding the right thing. Sometimes it wasn't even there.

Q21 If you could wave a magic wand and have anything, what would you change that would have made your tasks easier?

put everything on one page and have a good search

Q22 Are there any other UI guidelines websites you currently use or have visited?

Q8 Are there any other UI guidelines websites you currently use or have visited? **Respondent skipped this question**

Q9 (If yes) What did you find helpful about the UI guidelines website? What did you enjoy about it? **Respondent skipped this question**

Q10 Why haven't you used the Technè website? **Respondent skipped this question**

Page 6: Tell us how usable you think the Technè website is

Q11 Please rate your agreement with the following statements (from 1/strongly disagree to 5/strongly agree):

I think that I'd like using the Technè website frequently.	neutral
I found the Technè website unnecessarily complex.	(no label)
I thought the Technè website was easy to use.	(no label)
I think that I'd need a technical guide to be able to use the Technè content.	(no label)
I found the content in the Technè website was well integrated.	5 (strongly agree)
I thought there was too much inconsistency in the Technè website.	(no label)
I would imagine that most people would find what they are looking for on the Technè website very quickly.	(no label)
I found the Technè website very cumbersome to use.	(no label)
I felt very confident using the Technè website.	neutral
I needed to learn a lot of things before I could understand the content on the Technè website.	1 (strongly disagree)

Page 7: Tell us how you use the Technè website

Q12 How did you find the Technè website? **Colleagues pointed me to the page**,
Via yaas.io navigation,
I know the URL: techne.yaas.io

Q13 What is your goal(s) when visiting the Technè website? Check all that apply. **Guidelines (review UI guidelines, check out color swatches or fonts, etc)**,
Components (find components for my application, research how to use specific components like a button, etc)

Q14 What did you need to achieve the above goals?

nothing, example was there

Q15 Were you ultimately successful in using Technè to achieve your goals? **Yes**

Page 8: Technè Goals

Q16 Did anything about the Technè site make it harder that it needed to be to achieve your goals?

no, the elements I used it wasn't hard

Q17 If you could wave a magic wand and have anything, what would you change that would have made your tasks easier?

with a magic wand I would order free beer :)

Technè Feedback

Q18 Are there any other UI guidelines websites you currently use or have visited?

Fiori,
SAP Fiori Guidelines: <https://experience.sap.com/fiori-design-web/>

Other (please specify):
Apple

Q19 How is Technè different, either good or bad, than the other site(s) you find helpful?

Technè is easier

Page 9: Improving Tasks With Technè...

Technè Feedback

Q11 Please rate your agreement with the following statements (from 1/strongly disagree to 5/strongly agree):

I think that I'd like using the Technè website frequently.	neutral
I found the Technè website unnecessarily complex.	1 (strongly disagree)
I thought the Technè website was easy to use.	(no label)
I think that I'd need a technical guide to be able to use the Technè content.	(no label)
I found the content in the Technè website was well integrated.	neutral
I thought there was too much inconsistency in the Technè website.	5 (strongly agree)
I would imagine that most people would find what they are looking for on the Technè website very quickly.	(no label)
I found the Technè website very cumbersome to use.	neutral
I felt very confident using the Technè website.	(no label)
I needed to learn a lot of things before I could understand the content on the Technè website.	neutral

Page 7: Tell us how you use the Technè website

Q12 How did you find the Technè website? **I know the URL: techne.yaas.io, Deeplink from Dev Portal**

Q13 What is your goal(s) when visiting the Technè website? Check all that apply. **Components (find components for my application, research how to use specific components like a button, etc)**

Q14 What did you need to achieve the above goals?

I need proper examples, live examples if that's possible! It's a shame that some components, like select input is barely explained.

Just pasting html is not enough as I don't believe, that these components were not tested in web app env.

Q15 Were you ultimately successful in using Technè to achieve your goals? **A bit of both**

Page 8: Technè Goals

Q16 Did anything about the Technè site make it harder that it needed to be to achieve your goals? **Respondent skipped this question**

Q17 If you could wave a magic wand and have anything, what would you change that would have made your tasks easier? **Respondent skipped this question**

Q18 Are there any other UI guidelines websites you currently use or have visited? **Respondent skipped this question**

Q19 How is Technè different, either good or bad, than the other site(s) you find helpful? **Respondent skipped this question**

Page 9: Improving Tasks With Technè...

Q20 What was the main thing that stopped you from achieving your goal?

Examples, examples, examples.

In the end I got it, but it was way to much hassle.

And it's not like, that I have no experience with bootstrap, I just find live examples useful

Q21 If you could wave a magic wand and have anything, what would you change that would have made your tasks easier?

psssssst, examples that are live

Q22 Are there any other UI guidelines websites you currently use or have visited?

**Bootstrap,
Bootstrap: <http://getbootstrap.com/>**

Q23 How is Technè different, either good or bad, than the other site(s) you find helpful?

techne does not have that large community so it should provide the content by itself, that is through various examples

Page 10: Thank you for your feedback!
